

■ SCHRACK SOLUTIONS FOR LOCAL AUTHORITY OFFICES

A modern service for citizens requires modern communication technologies. Local authority offices are often housed in beautiful historical buildings, which presents a challenge to architects and building system engineers.

■ SAFETY & TECHNOLOGY

SCHRACK not only offers governmental and local authority buildings compact [ENERGY DISTRIBUTION SYSTEMS](#) and [IT- NETWORK TECHNOLOGY PRODUCTS](#) from category 5 up to optical fibre technology, but also a variety of personal safety solutions using our know-how in [SAFETY TECHNOLOGY](#).
