

SCHRACK INTERNATIONAL

■ SCHRACK IN EVERYDAY LIFE

■ SCHRACK SOLUTIONS FOR SCHOOLS

Modern syllabuses and contemporary schooling are only possible with the right building equipment. These days, demands made on electrical engineering include maintaining sufficient levels of oxygen, safety in emergencies, efficient use of lighting and heating systems, and internet access.

■ SYSTEMS & SAFETY

SCHRACK offers optimised solutions for [ENERGY TECHNOLOGY](#), [BUILDING INSTALLATION TECHNOLOGY](#), [NETWORK TECHNOLOGY](#) & [SAFETY TECHNOLOGY](#) thanks to our CO₂ detectors, security lighting systems, systems for efficient energy distribution and components for structured cabling.
