# Outdoor rain canopy with filter fan

## 540m<sup>3</sup>/h, W=800 D=400mm

made of aluminum, RAL7035, suitable for outdoor enclosure KCOX208040

### SCHRACK-Info

Outdoor rain canopy with filter fan 540m<sup>3</sup>/h, W=800 D=400mm

### Technical Data

|                                                  |                       |
|--------------------------------------------------|-----------------------|
| Net width (mm)                                   | 800,00                |
| Net height (mm)                                  | 100,00                |
| Netto depth (mm)                                 | 400,00                |
| Net weight (kg)                                  | 13,90                 |
| Min. ambient temperature (°C)                    | -40                   |
| Max. ambient temperature (°C)                    | 80                    |
| IP Rating                                        | IP54                  |
| Material                                         | Aluminum              |
| Colour                                           | RAL 7035 (Light grey) |
| Cooling output with downstream filter IP54 (W/K) | 174                   |
| Air flow rate IP54 (m <sup>3</sup> /h)           | 540                   |

| DESCRIPTION                                                                                                                                     | Order No. |
