

Data Sheet for Article: LIFSLVL10-

Connecting cable for LED-Mamba, H07RN-F 2x1.5 mm², 10 m

Product Details

The connecting cable for the LED-MAMBA enables a flexible combination of light tubes with extensions to illuminate specific dark areas without creating superfluous lighting. It optimises the overall length of the installation by connecting different segments, while the maximum length of the pure light tube remains at 75 metres. Thanks to the simple plug-and-play connection, the connecting cable can be installed quickly and safely, allowing customised and efficient lighting solutions to be implemented with ease.

Technical Data

Net length (mm)	10.000,00
Net height (mm)	70,00
Net weight (kg)	1,14
Luminaire type	Accessory

DESCRIPTION	Order No.
