# LED STRIP RGB 10,8W/m 900lm/m 12V 60LEDs IP20 120°

## Technical Data

|                               |                                                                     |
|-------------------------------|---------------------------------------------------------------------|
| Min. ambient temperature (°C) | -20                                                                 |
| Max. ambient temperature (°C) | 45                                                                  |
| Power per Meter (W/m)         | 10,80                                                               |
| luminous flux/m (lm/m)        | 900                                                                 |
| Light colour                  | RGB                                                                 |
| Service life                  | 20.000h                                                             |
| Dimmable                      | no                                                                  |
| IP Rating                     | IP20                                                                |
| Beam angle (°)                | 120                                                                 |
| Operating voltage DC (V)      | 12                                                                  |
| Mounting                      | surface mounting ceiling<br>surface mounting wall<br>floor mounting |
