# LED Highbay 120W 21000lm 840 1-10V IP65 120° 230V black

dimnable, highbay with Samsung LED chips and Meanwell driver

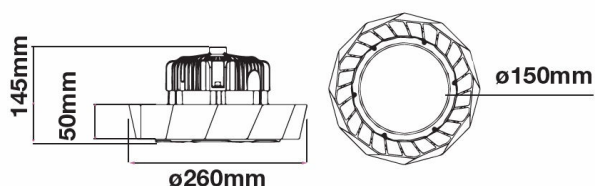

## Technical Data

|                               |                   |
|-------------------------------|-------------------|
| ØxH mm                        | 260x145           |
| Colour                        | Black             |
| Material                      | Die-cast aluminum |
| Lamp holder                   | LED Platine       |
| Watt (W)                      | 120               |
| Manufacturer                  | 08-V-TAC          |
| Operating voltage AC (V)      | 100-277           |
| Light colour                  | daylight          |
| Luminous flux (lm)            | 21000             |
| Power Factor                  | >0.9              |
| Colour rendering index (Ra)   | >80               |
| Dimmable                      | no                |
| Colour temperature (K)        | 4000              |
| Live time                     | 30.000h           |
| IP Rating                     | IP65              |
| Min. ambient temperature (°C) | -20               |
| Max. ambient temperature (°C) | 45                |

## Technical Data - continued

|                          |                        |
|--------------------------|------------------------|
| Light source             | SMD LED                |
| System efficiency (lm/W) | 175                    |
| Frequency (Hz)           | 60                     |
| Optional Accessories     | LIVTS570--; LIVTS571-- |
